PROFESSIONAL SUMMARY

Python Full Stack Developer with a strong foundation in web development, including backend development and database management. I enjoy building applications, solving problems, and using AI tools effectively to support my development and learning. I am eager to contribute to a team, learn from experienced developers, and gain my first professional experience in the software industry.

TECHNICAL SKILLS

Frontend Development : HTML5, CSS3, Bootstrap, JavaScript(ES6+)

Backend development : Python, Django , Flask , API Development & Integration : REST APIs

Database : MySQL, PostgreSQL

Core Concepts : Object-Oriented Programming(OOP)

Version control & Tools : Git, GitHub, VS Code, Postman

AI Tools : ChatGPT, Claude, Gemini, Perplexity

Soft Skills : Problem solving, Effective Communication, Team Collaboration, Time Management, Adaptability,

PROJECTS

MemoMate

Technologies : Python, Flask, CSS3 , HTML5, JavaScript, MySQL

- MemoMate is an all-purpose and easy-to-use digital notepad that is aimed at assisting users in capturing ,organizing, and managing their moments efficiently. With a user-friendly interface, users can easily create and access their memos without any difficulty.
- Implemented features for managing notes and exporting content into PDF and PNG formats.

BeatHarmonic

Technologies : Python, Flask, MySQL, REST API, HTML5, CSS3, JavaScript

- Developed a music streaming web application using Python Flask and REST API integration. Built a responsive user interface for browsing and exploring music.
- Implemented dynamic music playback functionality and backend integration and used MySQL for database management and application data storage.

EDUCATION

Bachelor of Computer Science (CGPA : 7.8)

2022 – 2025

Guru Nanak College of Arts and Science , Chennai

CERTIFICATIONS

- DLK Technologies – Python Internship (Offline, 1 Month)
- [HackerRank](#) – Python (Intermediate)
- [HackerRank](#) – MySQL (Intermediate)
